

Application Process Guide

WHEN TO APPLY:

Applications must be received no later than 2 months before the start date of the enrollment term and two weeks before the deadline for the school to which the student is applying. Students may apply up to one year in advance of the term start date. Once a complete application is submitted, the review process can take up to four (4) weeks.

Applicants who do not meet the 2 month deadline can contact the East American office in Pennsylvania to determine if there are spaces still available for the desired school. We highly recommend applying early, as many of our schools have limits on the number of foreign students that they will accept each school year.
